December 1999

A Newsletter for members of the Arkansas Ultra Running Association

MESSAGE FROM THE BIGSHOT-This month the AURA contains two race applications plus additional updates on the Athens-Big Fork Trail Marathon. But first-Is there any interest in getting more AURA bumper stickers? Think about it. Next month there will be a renewal application for the 12th edition of the AURA. That is correct! 12 years of Ultra chronicles. The fee remains \$10.00 and takes us from February, 2000, through January, 2001. For those of you who have already renewed, you will notice your expiration date next to your last name. Back to bumper stickers, if you want a bumper sticker the fee will be \$2.50.

UpDate-*Anthen-Big Fork Trail Marathon*-Race Director David Samuel wants to remind all participates in the race that the good people of Big Fork will open up the Community Center so that the we can get out of the elements, use the bathroom and have some hot coffee before that start. He has suggested that it would be nice if the runners would make a donation of \$5/\$10 dollars to the Communy Center kitty. Even at this, the run will be the best bargain of the year. Also, information that was not on the race flyer in last month's newsletter is that there will be a 17 mile fun run as we did last year. The turnaround for the fun run will be at the FSR 106 Station(8.5 miles) For those doing the marathon, the FSR 106 Station will have a 3:00 p.m. cut-off time. Those arriving after the cut-off will be given a ride back to the Community Center.

Attention retirees and retirettes! The BS is calling an emergency meeting for December 9th 11:00 a.m. at Cothams, 3rd and Victory, in Little Rock. They reportedly have the biggest Cheeseburgers in town. . Topic of Discussion: "*We are being screwed by Leap Year 2000.*" In case you have been napping at the wheel, this Millennium February has 29 days. You could say that your *UNCLE* is going to ask us to live 29 days on 28 day check. Slackers unite!

AURA HOROSCOPE

Aries-Trying to squeeze into a lower sized set of running shorts might tip off your competition as to your degree of desperation. *Capricorns*-1999 was a bust; 2000 doesn't look any brighter. *Geminis*-Never give up hope but in the new Millennium you might consider giving up the Open Division and tucking into the Age Group scene. *Virgos*-The picture remains cloudy but I think I see a new child, a pet or maybe just more gear in the New Year!
